## CADASTRE VALUE RIZES – IBI NOT AFFECTED

The Spanish ministry of economics and taxes has announced to rise the cadastre value of 2.452 municipalities to lessen the difference between cadastre value and real estate market prices. The value of properties in Teulada-Moraira will rise 5% according to the official State Bulletin (BOE). Carlos Linares, mayor of Teulada-Moraira, communicates that he doesn't want the citizens to pay more IBI due to the rise of the property value, not one Euro more he says, and will gradually lower the tax. The suggestion to at least maintain the current IBI cost will be presented during the next plenary session in December.

## EDUSI STRATEGY READY TO BE PRESENTED

The mayors of Benissa and Teulada-Moraira, Juan Bautista Roselló and Carlos Linares, have signed the EDUSI document, strategy for sustainable urban development integrating the functional areas Benissa and Teulada-Moraira. The document can now be handed over to be presented at the second examination and the procedure is co-financed by the FEDER programme "Sustainable growth 2014-2020".

## CONSERVATION OF THE "COVA DE LES RATES PENADES"

In 2004 the ministry of environment has declared the cave "Reserva de Fauna Silvestre" (wildlife reservation) as it is an area where different species of bats live and enjoy their breeding season. As they are species of interest it is planned to take conservation measures and also start with a research project to learn how many different species live in this cavern and observe them over some time. It is planned to fence off the entrance of the cave and limit the access. Signs will be put up with information regarding the necessity and importance of the conservation of bats. Those measures will be taken in various places of the Spanish peninsula.
