NEW WELL FOR TEULADA MORAIRA AND POBLE NOU DE BENITACHELL

The managing board of the water consortium of the two municipalities, presided by Josep Femenia, mayor of Poble Nou de Benitatchell, met together with Carlos Linares, mayor of Teulada Moraira, and decided to make another crucial step towards securing water supply. It was decided to buy a plot for 12.000 Euros and open a new well. The plot is located close to the el Pla well which will be eliminated, as it causes a lot of technical problems. The new plot has a size of 1.600 m2 and it will need drilling down to 220m to open the new well.

LECTURE AIDS AT THE IES TEULADA

102 students of the ESO listened to a lecture offered by members of the civil defence and organized by the Town Hall. Carmen María Ceacero Parra, nurse and first aid instructor, and Antonio Ballesteros Carbonell, emergency specialist and first aid instructor, explained the difference between HIV and AIDS, the virus which affects the immunity cells of our body and the advanced stage of the infection. They mentioned how one can get infected and gave advice regarding prevention. They especially pointed out how important it is to get tested for the HIV virus before stopping using male or female preservatives once a partnership is stable.
