PASSIVHAUS – ECO-FRIENDLY LIVING IN TEULADA MORAIRA

Background information new regulation postal service

Teulada Moraira becomes the first municipality in the Valencian Community with a property complying with the standard to get the "PassivHaus" certification. "PassivHaus" is an international platform and started back in 1991 in Germany. This type of property combines a high indoor comfort level with very little energy consumption at an affordable price. The construction is based on good insulation and controlled ventilation.
